## PERSONAL PROJECTS

### Dang.Dang.Gam.Che (07/2019)

- Here, I forced my members to learn about how common things are made so that in the future, they will learn to appreciate them more. Simple things such as milk and coffee.

### Pabo Latte Movement (08/2019 – Present)

- We got Carats (our fanbase) to drink an odd concoction that we made during our promotion for our latest comeback, HIT. The drink was a cup of latte with separated coffee and milk. So our fans were forced to drink it with two straws in order to taste the latte. You can still order one from one of our food trucks.
